

Get all the Thames knowledge you need!

Do you need to learn or refresh your local knowledge from Margretness to Putney?

Are you sick of flipping through various documents to find what you need?

We have created various products that describe & present the local knowledge of the river needed to be competent for endorsement *.

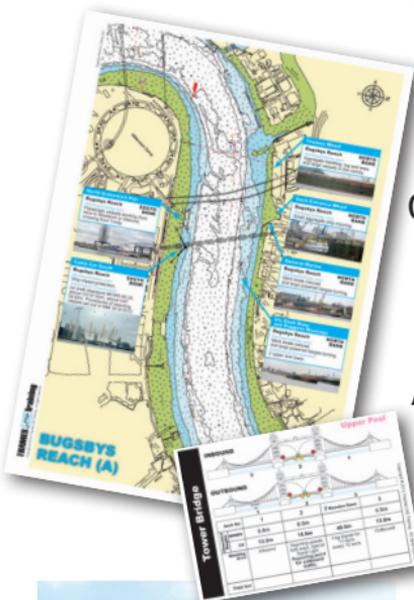

We tell you what's where and why it is important, so you can fly through your training and become confident in your knowledge of your working environment quicker and easier.

*we do not teach the safety management elements of the exam, and extra reading will be required for current notice to mariners

THAMES **LIKE** Training

If you're savvy with a computer we have an interactive service to guide you along the river. Coming soon, mobile tech to test yourself out and about.

If you prefer paper we have A4 binders listing sites by reach, and flash cards so you can test yourself or get the family to test you.

All products are easily updated, at low cost, so you can use them again and again.

We also run training courses. Check out our website for available dates or contact us if you have any specific requirements.
